NEW MAXHUB

BEYOND COLLABORATION
XTR SERIES AND COMMERCIAL DISPLAY

Avitor About us

Avitor AV & IT Distribution, a trade only distributor, supplying both the Irish and UK markets - focusing on key brands for core solutions, to achieve the perfect AV and IT environment.

Founded in 2017, Avitor is the fastest growing AV Distributor in Ireland, offering a range of exclusive brands, with the UK division building on their success and commencing trade in 2022.

Avitor are focused on ease of supply and customer experience with a wealth of technical knowledge to support even the toughest projects!

Providing a complete solution distribution route for both the UK and Ireland - bringing together the best of LED, Unified Communications, Commercial Display, Digital Signage and Software, with complementing accessories including mounting solutions and cables.

If you need further information on any of our brands, product ranges or Avitor in the UK or Ireland, contact a member of our helpful, technical sales team and we'll be happy to assist you to win that project!

We look forward to developing our partnerships with you.

Introduction to MAXHUB

MAXHUB is an innovation-driven team that specializes in developing collaboration solutions for immersive communications. They offer advanced audiovisual technologies and one-stop solutions to enhance team creativity and productivity worldwide. MAXHUB's ecosystem provides a total solution for complete scenarios, including smart Interactive Displays, high-quality UC products, all-in-one LED, Commercial Displays, and Microsoft Teams Room Solutions for flexible work. Their solutions are designed to be easy to install, use, maintain, and bundle.

MAXHUB focuses on providing seamless communication, easier use and maintenance, and intuitive design for their customers. They are known for their world-class products, competitive 3-year warranty service, and being a trustworthy partner. MAXHUB also utilizes cutting-edge technologies, including AI-driven collaboration solutions, and has a team of technical staff and industry experts for in-house custom development of hardware and software.

MAXHUB XT SERIES FOR MICROSOFT TEAMS ROOMS

A one-stop device solution empowering multi-scene collaboration

MAXHUB empowers multi-scene collaboration with powerful kits bringing together audio, video and an optional variety of display sizes to choose from. It reduces costs associated with communication, management, and usage at multiple stages – from procurement, installation, and utilization to post-maintenance. Now organizations at all levels can unlock a new level of efficiency and productivity.

3 Year Warranty & Local Support

A multi-faceted ecosystem that enables you to focus on what matters

Drawing on its robust capabilities and professional expertise, MAXHUB has successfully established a multi-faceted ecosystem tailored to enhancing the meeting experience. It encompasses various audio equipment, audiovisual integration devices, and multiple expansion devices. The ecosystem also ensures consistent compatibility and synchronization across MAXHUB's product portfolio, helping to streamline processes for meeting room setups.

Transform BYOD scenario into smart meeting spaces

Elevate your meeting space with the cutting-edge Microsoft Teams Rooms - MAXHUB XCore Kit. The solution enables organizations to make the leap to Microsoft Teams Rooms smart spaces in BYOD scenarios, enhancing Teams-native audio and video experiences while accommodating cost-balance needs.

MAXHUB XCore Kit

Empowering the switch from BYOD to Microsoft Teams Rooms smart spaces

This remarkable Kit boasts a powerful 12th Gen Intel® Core™ Processor and a high-resolution 10.1-inch Teams Rooms console with a motion sensor.

Together, they help empower the switch to Microsoft Teams Rooms smart spaces for BYOD scenarios, by enhancing Teams-native audio and video experiences while accommodating cost-balance needs.

A simpler MTR deployment solution

MAXHUB XT10-VB Kit

MAXHUB XT10-VB Kit builds upon the XCore Kit with an additional Videobar UC S07, showcasing its versatility in adapting to user needs.

Designed with scalability in mind, it accommodates the evolving needs of multiple devices with simplified frontline one-cable deployment.

Display Options

This solution allows users to incorporate a MAXHUB display screen on top of the three existing product combination solutions, providing you with even more customization.

The MAXHUB Ultra Wide Display series of products include the 105", 21:9 UW105NA LCD model as well as multiple dvLED screen sizes. This enables on-site meeting participants to fully immerse themselves in the content displayed, elevating the overall meeting experience.

Should a more traditional 16:9 display be required, MAXHUB offers the option to include the CMA Series of displays, with sizes ranging from 43 to 98 inches.

21:9 Display

MAXHUB XC13T
Teams Rooms Windows Compute

- Purpose-built Windows Compute to simplify Teams Room deployment
- Pre-loaded Microsoft Teams Rooms software on the latest Windows 11 IoT
- 12th Gen Intel® Core™ Processor with TPM 2.0 for a robust & secure meeting environment
- Versatile mounting bracket with integrated cable management
- Seamless integration with MAXHUB and other MTR ecosystem meeting room peripherals

MAXHUB UC BM35
Teams Rooms Speakerphone

- 8-microphone array with advanced 360° omnidirectional audio algorithms
- Powerful 8W tweeter + woofer combo speaker
- Intelligent AI Noise Reduction technology to keep human voices clear
- Multi-colour LED ring indicating speakerphone status and voice direction

MAXHUB TCP20T
Teams Rooms Touch Console

- High clarity anti-glare 10.1" Full HD touch screen
- One cable technology to link up with XC13T Windows Compute
- Direct HDMI Ingest support for BYOD presentation
- Built-in USB port for easy connection to audio peripherals on the meeting tablet
- Auto wake on human detection with the integrated Infra-red motion sensor

MAXHUB ND65CMB 65" 4K
Conference Display

- Stunning bezel-less 4K display with high clarity and anti-glare technology
- Commercial-grade build quality for protection against various environmental elements
- Seamlessly integrate with room control systems via RS232 or IP interfaces
- Built-in screen sharing for effortless collaboration via USB or wirelessly

MAXHUB UC S07
Teams Rooms 4K Videobar

- Ultra HD 4K Sony sensor with advanced image processing
- 5x digital zoom, electronic pan/tilt/zoom, and up to 10 presets
- Intelligence framing technology combines human detection and DOA voice tracking
- 6 beamforming microphone arrays with 11W speaker
- Multi-colour led light bar indicating camera and microphones status

MAXHUB UW105NA 105" 5K
Ultra-Wide Display

- Native 5K professional display in 21:9 format to expand collaboration
- Tailor-made for Signature Microsoft Teams Rooms to enable more immersive and inclusive meeting experiences
- Robust protection against environmental factors with durable conformal coating
- Seamlessly integrate with room control systems via RS232 or IP interfaces
- Built-in screen sharing for effortless collaboration through USB or wirelessly

MAXHUB UC W31
Teams Rooms 4K USB Camera

- Advanced 1/2.3" 12MP Sony sensor with natural colour reproduction
- 120° wide angle 4K lens with 5x digital zoom
- Built-in intelligent framing technology to keep participants in view
- Dedicated LED light indicating camera activity

MAXHUB UC S07

All-in-one Ultra-HD USB Videobar with 8-meter Voice Pick-up Range for Small and Medium-sized Rooms

- Intelligent plug and play with all-in-one USB BYOD
- Hear and be heard everywhere with microphones featuring 8m voice pickup
- 3-year worry-free hot-swap warranty
- Always see and be seen with UHD 4K video and built-in AI functions

MAKE SPACE

For meetings in huddle rooms for 2 to 8 people, UC S07 features exceptional integrated capabilities in a compact USB camera bar.

INTELLIGENT PLUG AND PLAY

All-in-one
Perfect for a BYOD (Bring Your Own Device) environment, this plug and play camera bar features an integrated camera, microphone, and speaker.

SEE AND BE SEEN ALWAYS

Easily auto-frame participants
Auto-framing with intelligent face detection seamlessly tracks the active speaker to keep participants engaged.

HEAR AND BE HEARD EVERYWHERE

Tracking you wherever you are

Ensure better conversation with the 6 intelligent beam-forming microphones featuring 8m voice pickup. With speaker tracking and voice location locking, you and your colleagues can always get your point across loud and clear. AGC maintains constant and stable voice output regardless of the speaker's distance from the microphone.

SEE AND BE SEEN ALWAYS

Razor-sharp focus from wide-angle to close-up

See everyone in the meeting room simultaneously using the wide-angle view or see a close-up of an individual attendee. The 5x digital focus is ideal for use in huddle rooms.

MEETING IS BELIEVING

MAXHUB 360° All-in-One Camera

Be seen. Be heard. Be amazed by the all-in-one conference camera that tracks every face or follows every word in small to medium-sized spaces. Small enough to fit in the palm of your hand, the UC M40 combines 4-lens precision with intelligent speaker tracking for a true 360° immersive experience naturally. The coverage is expansive. The experience is extraordinary.

Compact design. Expansive versatility.

360° coverage. Minimal distortion.

> 360° panoramic wide-angle view

Even if you're seated to the side, you'll be front and center on the screen.

> 5MP 4-lens camera

The UC M40's 4-lens 360° super wide-angle camera captures every participant's face directly, without fisheye distortion.

All in the palm of your hand.

The UC M40 integrates a 360° camera, speakers, and voice-tracking microphones in a design as portable as it is stylish.

Towering performance on every platform.

MAXHUB collaboration technology is compatible with most popular video conferencing applications.

Standalone Mode - Ready when you are.

Operating in Standalone Mode, the UC M40 provides full performance right out of the box. There's no software to install, no complicated settings to configure.

> AI auto-tracking technology

> Two-direction simultaneous voice tracking

Professional Mode - For precise performance

- > 7 custom display layouts
- > Auto-framing
- > Precise camera angle adjustment

Mode 1 (Down)

Mode 2 (Up)

Specification

* Specifications are subject to change without notice.

Camera	
Image Sensor	1/2.7" CMOS
Effective pixels	5M
Maximum frame rate	2560H x 1440V @30fps
Number of Lens	4
Focal length	2.49mm
Aperture	2.5
Field of view	140°(D) , 111°(H) , 85°(V)
Output resolution	MJPG:4992*928@30, 1920*1080@30, 1280*720@30, 640@360@30, YUY2:640*360
Video format	MJPG/YUY2
Features	Real-time Hyperstitching, 7 modes of video layout

Microphone	
Quantity	Built-in 4 array omnidirectional microphones
Signal to noise ratio	65 dB
Pickup range	5m(radius)
Pickup angle	360°
Response frequency	200Hz to 8 kHz
Features	AI Voice Tracking

Speaker	
Quantity	1
Rated power	3W
Sound pressure level	75dB SPL@1m,1kHz
Signal to noise ratio	≥75 dB
Distortion	≤5%
Cavity volum	0.35L
Frequency response range	200Hz to 15kHz

USB Features	
Operating System	Windows/Mac/Android/Linux
Hardware requirement	2.4GHz Intel Core 2 Duo Processor or above 2GB RAM or above
Colour System / Compression	YUY2/MJPG
USB	USB 2.0
USB Audio	Build-in Mic & Speaker
UVC	1.1

Environmental Conditions	
Operation Temperature	0 C -40 C
Operation Humidity	10%-90%RH

Compatible Application	
Support Major VC Software	ZOOM, Microsoft® Teams, Google Meet, Google Hangouts, Cisco WebEx®, RingCentral, etc.

Panocam Studio Specifications	
Settings	Brightness, 3D De-Noise, Contract, Exposure, Flicker, Auto Detection, Auto Tracking
Function	FOV-Top: Vertical+ 45°Up/ -15°Down
Field of View Adjustment	FOV-Middle: Vertical3 30°
	FOV-Down: Vertical+ 20°Up/ -40°down
Video Layout Selection	Compose Mode, Manual Mode, Body-fit Mode, Grid Mode, Presentation Mode, Speaker Mode
Operating System	Win 10 or higher / Mac OS 10.13 or higher (studio software)
Hardware Requirement	Minimum hardware: Intel 4th generation I5 above, RAM of 4GB above Macbook Pro(2013) above, with RAM of 4GB or above Recommended hardware: Intel 7th generation I5 above, RAM 4GB above Mac Mini I3 (2018) above, RAM 8GB above

Power	
power supply	12V 1A
Maximum power consumption	< 8W

I/O ports Buttons Indicators	
DC IN	1
USB Type-C(USB2.0)	1
Mode Button	1 (Video layout switch)
Soft Button	1 (Mute/unmute)
Indicators	8 (Sound Locator), 1 (Microphone status)

Physical Specifications	
Camera Dimension LxHxD	67.6x67.5x182.3mm
1pc Dimension (package)LxWxH	235*165*91mm
15pcs Dimension (package)LxWxH	515*255*505mm
Net Weight	450g
1pc Gross Weight	TBD
15pcs Gross Weight	TBD

Package Contents	
UC-M40 Camera	1
Power Adaptor	1
USB Cable	1
User Guide	1

Warranty	
Camera	3 years
Accessories	1 year

MAXHUB CMA Series

A 4K Commercial Display, Equipped with Non-glare Technology and Conformal Coating – Ideal for Meeting Rooms and Commercial Settings

MAXHUB

4K Crystal-clear detail, anywhere

Stable and multifunctional design for business

Collaborate seamlessly, with MAXHUB Share

Effortlessly manage and distribute content

Crystal-Clear Detail, Anywhere

The combination of 4K UHD resolution and high brightness ensures true-to-life detail.

NOWSIGNAGE ACCREDITED

Conformal coating reduces the risk of damage from salt, dust, and humidity, ensuring stable device performance.

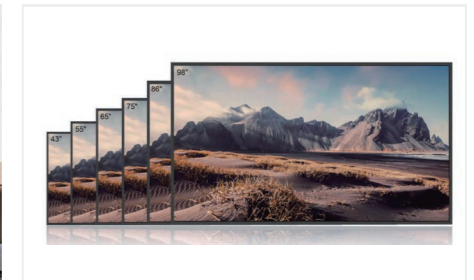

Stable and Multifunctional Design for Business

Our non-glare coating provides a clear view, even in bright outdoor conditions, while the increased level of haze visibility improves text readability.

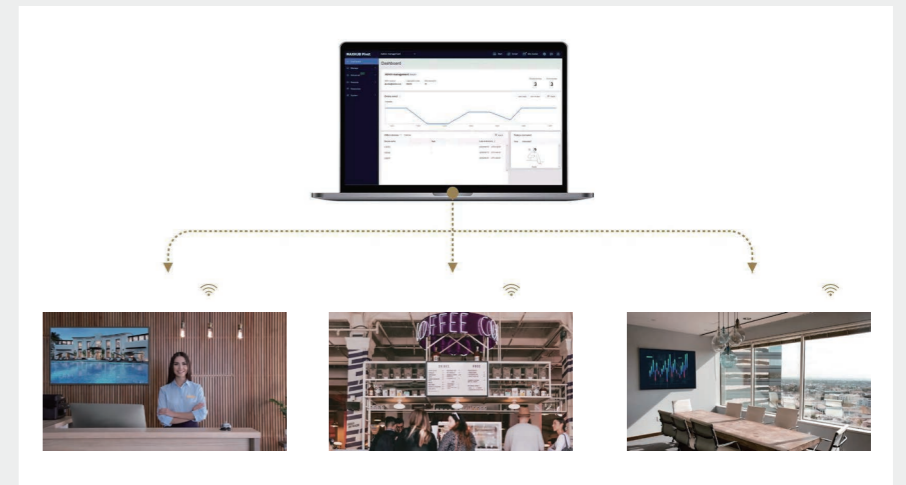

The full-function USB Type-C supports ScreenShare, making content sharing easy. NetworkShare allows for effortless network sharing, and the 65W power output enables connected PC charging that is faster than a typical charger.

Choose from screen sizes of 43", 55", 65", 75", 86", and 98" to meet your application needs.

Effortlessly Manage and Distribute Content

MAXHUB Pivot is a device management tool that enables IT administrators to efficiently manage devices and remotely distribute content.

SALES PROCESS

We can assist with:

- Project specification
- Quotations
- Deal registration for improved pricing
- Ease of supply
- Quick deliveries
- Installation
- European shipment
- Stock File
- High level of customer service

For all your project requirements, contact us and we can assist
